## **A PCC MISSION MOMENT**

### **February 19: World Day of Social Justice (February 20)**

Presbyterian World Service & Development responds to situations where poverty and gender power imbalances prevent women who are victims of sexual violence from seeking treatment and the assistance to combat this widespread injustice. PWS&D works for social justice by promoting the rights of vulnerable groups and removing barriers that prevent individuals from meeting basic needs. After being raped at home, a young woman in Haiti received medical care, emotional support and counsel through PWS&D's program. Her words of gratitude are a testament to just how impactful the project is: "If today I can keep my head up and live my life, it is thanks to you. Please keep up with the good work you are doing."

*PWS&D works to restore human dignity*
